Last week Sunday message outline

Topic: How to develop the spirit of faith
By Pastor Victor

Bible text: 2 Corinthians 4:13-18, Matt 14:22-33.

People with the spirit of faith always receive the blessings of God, they may go through trials but they always come out supernaturally all the time.

Apostle Paul gives us some insight about how to develop the spirit of faith in 2 Corinthians 4:13-18. The first thing this verse reveals about the spirit of faith is that, the people with it, believe the word of God, they believe what they read and not what they see around them.

Remember Peter, when he had his focus on Jesus, he was able to walk on water without sinking but when he took his focus away from the Lord and began to focus on the stormy circumstances surrounding him, he began to sink (Matt 14:22-33).

We should always keep our focus on the word of God because, when we look at the mess and the situation that surrounds us, we get discouraged; rather focus your attention on the Promise of God.
